	Continuous Assessment	0	0	0	0	10	-	-	-	-	-	350	-	350

Guideline for Major Project with Training

- Final semester project should be based on the real life problem of an industry/Govt. Organization/ Research Organization etc.
- Students are required to identify their problem definition during the winter and they must follow all the rules and instructions issued by department, for safety and other requirements.
- As per guidelines given, at the end of semester 7 and before starting the semester 8 all the students must visit two industries and they have to submit the visit report to the department. Based on this visit students may allow to start their work related to 'Major Project with Training' if they found appropriate problem definition.
- Within two weeks of commencement of academic session, students will take review inputs from their guide for the project. Students have to submit a report of project problem to the department.
- It is required to submit the name and contact details of industrial guide once the project is finalized.
- It is compulsory to report to the industry on each working day and it is required to submit the attendance report to the concerned guide at the time of presentation.

- Internal guide may visit the industry to review the progress of the project as and when required.
- As a part of continuous assessment, students have to give presentation on regular basis as scheduled by the department and required to submit the progressive report along with power point slide in soft and hard copy.
- At the end of the project work it is required to submit the work completion/satisfactory certificate to the concerned department.
- Final report should be submitted in hard bound copies of the Project work. All letters should be embossed in gold in front page.
