Tarot cards which were initially known as “Trionfi” is a pack of playing cards used in different parts of Europe from the mid-15th Century. From the late 18th century, some tarot decks are used as a divination tool and for fortune telling.

“World Tarot Day” is founded by Den Elder in year-2003 to encourage humans for use of tarot cards and is celebrated on 25th May every year. More than 59 different tarot decks are available in the market nowadays. Each deck may either consist of 78 or 79 different cards which are further categorized into major arcana and minor arcana.

Tarot cards is a divination tool which helps to predict future, which also helps to guide human in difficult situations, some may also use tarot cards to connect with their ancestors, tarot are the best way to choose the right path among all the available. So tarot card readers use tarot cards in multiple ways. Basically tarot cards readers use their intuition to read a card. So, it says: “What your instinct tells you, does that only”.

It's a tool to get more connected with divine and to get more connection with the self. Though it was originated as a simple card game, today we connect them with the occult.

This tool just not helps you to know unknown but it also helps you to make your mind more clear about the things which you already know or your instinct want to tell you. Tarot card also one of the tools for meditation.

Tarot card reading is also an art. Tarot card reader are the people who have great intuitions and deeper knowledge of each and every symbol on the card. Tarot card readers sometimes use their intuitions even to find lost objects, to predict future and serve society by showing them what is right for them.
