Teacher's Day Celebration

Teacher's Day is celebrated every year on September 5th to honor Dr. Sarvepalli Radhakrishnan on his birth anniversary. Dr. Sarvepalli Radhakrishnan was India's first Vice President and second President.

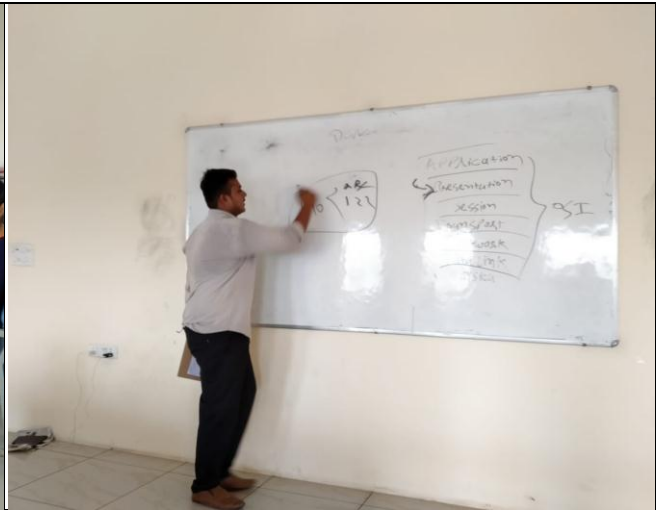

Teachers' Day aims to value and acknowledge the contribution of all the teachers in shaping one's lives. Though it is not a holiday and students are required to report to school, normal classes are replaced by activities of celebration in schools and colleges, honoring the teachers for their hard work and endless contribution to a student's educational life.

The Smt. K B Shah Science College also celebrates Teacher's day. Teachers can be given a day off for relaxation while students act as pseudo teachers. Teacher's Day is a special occasion for students to honor their teachers and thanking them for being the guiding light in their lives. On this day, students organize the classes and actively participate to handle lectures in classes.
