Research and Publications - The Keys to Academic Progress

In the present era of Globalization and knowledge economy, quality assurance and enhancement are the most vital parameters for Universities to excel in the academic world. These two parameters greatly depend on the quality of research and knowledge enhancement activities carried out by the teachers of the University. In this context, all the Faculty Members of C. U. Shah University are urged and instructed to submit the details of the Research and Knowledge enhancement activities carried out by them during the period from 1st July 2017 to 30th June 2018

It may be noted that there is a need for career progression, increment, and other incentives be linked to the facts and data submitted by the Faculty Members. The Matrix for the evaluation will be different for Faculty Members as per their cadre, level, and program in which they are teaching. However, each matrix will broadly include highest qualifications, year of experiences, quality of research publications, knowledge enhancement training undertaken, research guidance/s, consultancy and professional memberships etc.

University would be happy to help to guide the concerned and receive identical enthusiasm from each one. All are informed to read these instructions and requirements in connection with previous e_and print_circulars available on university website.

In connection and continuation with a noble cause, you are instructed to upload the details and corresponding proofs of research and related activities carried out by you during 1st July 2017 to 30th June 2018 on <http://researchportal.cushahuniversity.com> on or before 5th July 2018. Failing of which shall result into the increment due in the July 2018 shall be treated as notional. Over and above it will be also reflected in career advancement. The research portal will be online from 17th May 2018
