

C. U. Shah College of Pharmacy & Research (CCPR)

A Blood Donation Camp on date 28th July 2016 was organized at C. U. Shah College of Engineering and Technology inside C. U. Shah University Campus, in which four students had participated on behalf of C. U. Shah College of Pharmacy & Research and donated blood willingly under the guidance of Mr. Santosh Vaidya.

Student Orientation Programme of 1st Year B. Pharmacy was organized on the auspicious day of Ganesh Chaturthi, Samvatsari and Teachers Day dated 5th September 2016. Orientation Day is the best way to find out what university life has to offer. It's a chance for new students to get familiar with the campus, ask questions, meet faculty members and settled during their first days in CCPR. Orientation Day is exclusive to new students but there is also an opportunity for parents to find out more about the C. U. Shah University and CCPR. Dr. D. K. Golwala welcomed all the parents to the campus and introduced them to various opportunities available for the students in the campus for the carrier development. He has suggested parents as well as students that attendance, interaction and participation in extra curriculum activities are as important as exams.
